

Vaccine Program Decision Appeals Process

After a thorough review of the incident, the final decision will be made by the VFC Program based on the current circumstances, past vaccine loss history, provider's response to education and corrective action plans and the number of vaccine doses lost.

This decision is subject to rehearing, reopening, or reconsideration upon proper application and after the merit of said request is considered. Any application or request for such hearing, reopening, or reconsideration shall be made to the Office of Administrative Hearings within **ten (10) days** from the date of the entry of this decision.

An appeal may be instituted under the Administrative Procedures Act by filing a Petition in the district court of the county in which the party seeking review resides, or at the option of such party where the property interest affected is situated, **within thirty (30) days** after notification that this Decision has been made.
